5. WHILL (Section 222):

a. CHENKIN advised that a new cover firm must be founded to replace the current one (Butman & Co.) since WHILL cover firm must be liquidated within three years from date of founding to evade close scrutiny of financial transactions by the Financing. At time of founding the new firm (name unknown), the WHILL project will utilize the cover name "Elegant" instead of "Hedelwald".

b. [] gave a Memorandum for the WHILL Staff at his home on 28 October which was attended by Chen, Lindan Bass, and Gene representatives.

6. Sabotage School:

a. Reference B indicates the extent of close cooperation between 10th Special Forces and WHILL. WHILL-454 also points up WHILL's interest in becoming the responsible agency for guerrilla training. It is anticipated that CHENKIN, during his stint as J2 of the Staff through until 5 December 1960, will verify the WHILL's intentions and coordinate WHILL's position in the matter.

b. Demolition range at Bad Toles has been reserved for WHILL's use on 25 November and 26 November thru 2 December. Alajaz has been invited to attend. Allegedly WHILL has acquired a new chemist to work with the Sabotage School who has developed new chemical devices of possible application to sabotage work.

7. REVENUE Matters:

WHILL has agreed to invite [] to Munich for a briefing on evacuation/redeployment and war plans but postponed such meeting until CHENKIN returns from Bonn.
